Summary

- A highly motivated and detail-oriented BCA graduate with a proven track record of academic excellence.
 - Proficient in ReactJS, with practical experience in developing responsive, dynamic web applications.
 - As a fresher, eager to leverage technical expertise and a passion for front-end development to drive innovation within a forward-thinking team, actively contributing to impactful projects while advancing in the IT industry.
-

Skills

- HTML, CSS & JavaScript
 - ReactJS
 - Full stack Development
-

Education

- **Bachelor of Computer Application** - University of Allahabad (82.93%) July 2024
 - **Intermediate** - Kendriya Vidyalaya New Cantt. Allahabad (92.83%) March 2021
 - **High School** - Kendriya Vidyalaya New Cantt. Allahabad (90.80%) March 2019
-

Projects

- **Memory game:** Engineered a dynamic application using ReactJS and NodeJS, featuring customizable themes, multiplayer and single-player modes, and adjustable grid sizes. Enhanced user engagement by enabling personalized gameplay experiences that challenge memory skills across multiple modes, all within a responsive design for seamless interaction across devices.
 - **Expense Tracker Application:** Built an Expense Tracker App using ReactJS, enabling users to efficiently record transactions with dates, view account details such as balance, income, and expenses, and visualize financial data through interactive graphs. Integrated features for viewing transaction history and searching for specific transactions, enhancing user experience with streamlined financial management tools.
-

Certificates

- **Online Course on Artificial Intelligence/Machine Learning for Geodata Analysis by ISRO**
September 2024
 - **Career Essentials in Data Analysis by Microsoft and LinkedIn**
September 2024
